			Accounting for current taxation – review questions and exercises	2		
			Income statement and Balance sheet for large entrepreneurs – review questions and exercises	2		
			Business transactions and financial statements – integrated example	4		
Format of instruction	<input checked="" type="checkbox"/> lectures <input type="checkbox"/> seminars and workshops <input checked="" type="checkbox"/> exercises <input type="checkbox"/> on line in entirety <input checked="" type="checkbox"/> partial e-learning <input type="checkbox"/> field work		<input checked="" type="checkbox"/> independent assignments <input type="checkbox"/> multimedia <input type="checkbox"/> laboratory <input type="checkbox"/> work with mentor <input checked="" type="checkbox"/> real-sector experts visiting lectures			
Student responsibilities	Class attendance for 50% of total number of units and passed accounting software exam in order to get the right to access the exam.					
Screening student work (name the proportion of ECTS credits for each activity so that the total number of ECTS credits is equal to the ECTS value of the course)	Class attendance	1	Research		Practical training	1
	Experimental work		Report		In class activity	1
	Essay		Seminar essay		(Other)	
	Tests	3*	Oral exam	1,5	(Other)	
	Written exam	1,5	Project		(Other)	
Grading and evaluating student work in class and at the final exam	* Student may take two class tests during a semester and student who passed both gets the final grade. By active participation in the course and self-assessment activities accomplished, a student can earn an additional 10 points. The average number of points from class tests forms the grade according to the threshold values specified below. Final exam consists of two parts: written exam and oral exam. The right to access to a written exam has student who has passed accounting software exam and accomplished 3 self-assessment activities. The right to access to the oral exam has student who has passed written exam. Achieved points on passed written part of the final exam increased by potential points of active participation correspond to following grades: 0-49 insufficient (1) 50-65 sufficient (2) 66-75 good (3) 76-85 very good (4) 86-100 excellent (5) Evaluation of oral part of the exam and final grade thresholds: 3 correctly answered questions – grade from the written part of the exam +1					

2021./2022.

01/03/22 – 9. Sj. FV

	2 correctly answered questions – equal to grade from the written part of the exam 1 correctly answered questions – grade from the written part of the exam – 1 0 correctly answered questions – students have to re-take oral part of the exam

Quality assurance methods that ensure the acquisition of exit competences	Students' feedback via questionnaires. The evaluation by the head of the study programme and the vice-dean of education. External evaluation is conducted by independent external experts. The exam conducted by the course teacher examines all learning outcomes of the course. Periodic examination of the content of the exam is carried out by the vice-dean, based on which it is assured that examination of the learning outcomes is appropriate.
