Comment the justification of working capital investment from the aspect of the benefits and costs of a particular component. 				
Course content broken down in detail by weekly class schedule (syllabus)	Lectures		Exercises/ Seminars		
	Topic	Hours	Topic	Hours	
	Introductory lecture	2	Introductory exercises	2	
	The time value of money and discounting	2	The time value of money – single cash flow	2	
	Financial environment of a company	2	The time value of money – multiple cash flows	2	
	Security valuation	2	Financial environment of a company/Valuation of capital market securities	2	
	Short-term, mid-term and long-term financing	2	Valuation of money market securities	2	
	Risk and return	2	Excel exercises	2	
	Financial statement analysis	2	Risk of a security and its measurement	2	
	Financing of SMEs	2	Risk and return of a portfolio –	2	
Capital budgeting	2	Financial statement analysis - Example	2		

	Working capital and cash management	2	Capital budgeting (I)	2		
	Short-term financial management – inventories and receivables	2	Capital budgeting (II)	2		
	Financial planning	2	Working capital and cash management	2		
	Forms of company organization	2	Excel exercises	2		
Format of instruction	x lectures <input type="checkbox"/> seminars and workshops x exercises <input type="checkbox"/> <i>on line</i> in entirety x partial e-learning <input type="checkbox"/> field work		x independent assignments <input type="checkbox"/> multimedia <input type="checkbox"/> laboratory <input type="checkbox"/> work with mentor			
Student responsibilities	<p>The condition for attaining a signature is 60% lecture attendance and 50% of exercise attendance (part-time students' obligation is 50% of conditions valid for full-time students).</p> <p>The condition for taking the mid-term exam is attendance on two out of four quizzes. One quiz must be taken before the first mid-term exam and one quiz after the first mid-term exam.</p> <p>Self-evaluation tests (quizzes) that have been successfully solved cannot replace the obligation to take mid-term exams or the final exam, but can contribute to achieving a higher positive grade.</p>					
Screening student work (name the proportion of ECTS credits for each activity so that the total number of ECTS credits is equal to the ECTS value of the course)	Class attendance	1	Research		Practical training	
	Experimental work		Report		Presentation	
	Essay		Seminar essay		Self-evaluation tests	0,5
	Tests	3,5	Oral exam		(Other)	
	Written exam	3,5	Project		(Other)	
Grading and evaluating student work in class and at the final exam	<p>During the semester, two written mid-term exams will be organized. Mid-term exams carry 100% of the total grade and consist of theoretical questions and numerical tasks. The theoretical questions contribute to the overall points sum with 60% and numerical tasks with 40%.</p> <p>Alternatively, students can achieve grade through a final written exam during the exam period.</p> <p>To pass the exam, student has to achieve a minimum of 50% of the total number of points from both mid-term exams individually (provided that the minimum of 50% on theoretical questions and a minimum of 50% on numerical tasks is achieved), or 50% of the total points on the final written exam (provided that a minimum of 50% is achieved on theoretical questions and a minimum of 50% on numerical tasks).</p>					

	<p>Score thresholds and corresponding grades for written exams are: 0-49 points = insufficient (1) 50-65 points = sufficient (2) 66-75 points = good (3) 76-85 points = very good (4) and 86-100 points = excellent (5).</p> <p>A student who achieves a positive grade from the first and second mid-term exam, do not need to take the final written exam. If the student does not pass the written mid-term exams, he/she is obliged to take the final (written) exam.</p>
